In this module, we will learn how to work with the schedule board to schedule and dispatch work orders

Lessons

- Manage scheduling options
- Customize the schedule board
- Deploy Resource Scheduling Optimization (RSO)

After completing this module, students will be able to:

- Schedule and dispatch work orders
- Customize the schedule board
- Deploy RSO

Module 4: Field Service Mobile App

In this module, we will learn how customize and configure the Field Service mobile app.

Lessons

- Get started with the Field Service mobile app
- Customize and configure the mobile app
- Integrate Remote Assist

After completing this module, students will be able to:

- Customize and configure the Field Service mobile app
- Integrate Remote Assist

Module 5: Manage inventory and purchasing

In this module, we will learn how to manage inventory and purchasing in work orders

Lessons

- Configure Field Service work orders

After completing this module, students will be able to:

- Configure work orders
- Manage inventory using inventory management and warehouse management
- Make inventory adjustments and transfers

Module 6: Implement assets and connected devices

In this module, we will introduce Connected Field Service, customer assets and creating work orders from IoT data

Lessons

- Customer assets
- Create work orders from IoT data

After completing this module, students will be able to:

- Create and associate customer assets
- Create work orders from IoT data using Connected Field Service

Module 7: Microsoft Power Platform and Field Service

In this module, we will learn how to use the Microsoft Power Platform to create custom apps to enhance your Field Service solution

Lessons

- Create custom apps
- Gather feedback with Customer Voice

After completing this module, students will be able to:

- Create custom apps for Dynamics 365 Field Service
- Gather customer feedback using Customer Voice

Credly Badge:

Display your Completion Badge And Get The Recognition You Deserve.

Add a completion and readiness badge to your LinkedIn profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your expertise
- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through Credly.
