Course Duration: 6 Hours

Microsoft Office PowerPoint 2019

About this course:

Microsoft PowerPoint is a presentation software that enables users to create engaging presentations that consist of individual pages, or slides, which may contain text, graphics, sound, movies, hyperlinks, and other objects. PowerPoint enables users to add animation and effects to slideshow elements. PowerPoint 2019

comes with the Morph transition, which can help you make smooth animations on your slides. To make a presentation more dynamic and to allow for custom navigation within it.

Prerequisite:

- This course will not require you to have previous experience in any particular area but you should have a high school reading level. No books will be required
